Dear Action Pistol Club administrator:

This law firm represents Haitian American Voodoo Association (HAVA). If you are represented by legal counsel, please direct this letter to your attorney immediately and have your attorney notify us of such representation.

You are hereby directed to

### **CEASE AND DESIST ALL DEFAMATION OF UNDEAD HAITAIN AMERICANS (A.K.A ZOMBIES) BY CHARACTER AND REPUTATION.**

Under U.S. Federal law, it is unlawful to engage in defamation of another's character and reputation. Defamation consists of

- (1) a statement that tends to injure reputation;
- (2) communicated to another; and
- (3) that the speaker knew or should have known was false.

HAVA has become aware that you have engaged in spreading false, destructive, and defamatory rumors about Zombies. Your defamatory statements involved the article on the website ([www.actionpistolclub.com](http://www.actionpistolclub.com)) dated 11/11/11 called "Zombie Apocalypse". The article portrayed Undead Haitian Americans (A.K.A Zombies) as dangerous flesh eating monsters that pray on humans and other living creatures during the night. This image of a Zombie is completely inaccurate.

*Bokor* is the voodoo sorcerer of Haiti. *Bokor* traps his victim's soul by sucking it out of the body and sealing it in a bottle. Death and burial soon follow. Then he goes to the grave at night, opens it and calls the victim's name. The bottle containing the victim's soul is passed briefly under the nose to revive the body, and the zombie is led away. As such Zombies are afflicted with a medical condition and discrimination and persecution of Zombies is a violation of the Americans with Disabilities Act.

Modern Zombies are honest hard working undead people. They are just like the rest of Americans, but do not have any pulse nor brain activity. They are productive members of society and have been very successful in the local, state, and federal government. They have become model bureaucrats, and have continually worked toward building a positive reputation.

The inaccurate and defamatory statements made in the article, along with several other entities are contributing to degradation of Zombies to a subhuman level. As a result many members of the Zombie community are unable to find work.

Accordingly, we demand that you (A) immediately cease and desist your unlawful defamation of Zombies and (B) provide us with prompt written assurance within ten (10) days that you will cease and desist from further defamation of Zombies character and reputation.

If you do not comply with this cease and desist demand within this time period, HAVA and the Zombie communality are entitled to seek monetary damages and equitable relief for your defamation. In the event you fail to meet this demand, please be advised that Zombies has asked us to communicate to you that they will pursue all available legal remedies, including seeking monetary damages, injunctive relief, and an order that you pay court costs and attorney's fees. We are not saying there will be any flesh eating, but if there was, it is because Zombies were unable to find work, and need to eat. If this happened it would be because of ignorant people like you. Your liability and exposure under such legal action could be considerable as Zombies tend to get the munchies in the early evening.

Before taking these steps, however, my client wished to give you one opportunity to discontinue your illegal conduct by complying with this demand within ten (10) days. Accordingly, please sign and return the attached Defamation Settlement Agreement within ten (10) days to
